**Subject:** AdvanSix Stipulated Penalties Issue

Tom,

This is just a follow-up to our meeting held back on August 30, 2017.

During the meeting, Kris Hall indicated that the company's explanations with regard to the projects and numbers were somewhat confusing. As a result, company representatives indicated that they would provide EPA with more details on how the numbers and projects related, vis-à-vis the company's disclosures. Kris also asked that the company provide her with a "family tree" to better explain how the number of components and projects are related in the disclosures, and how this all fits together in connection with AdvanSix's stipulated penalty response letters. Since I don't recall exactly when we were promised we could expect to receive this information (my apologies), I thought I'd follow up.

Thanks.

Dennis
